Dear Bill,  
You have  
a lot of ability and  
one quality in which  
I like to consider you  
a friend and that is  
you always say what you  
think. Some have called  
you a city slicker and in  
some ways I guess you are  
but still you have good character  
in some sense. But I'd like  
to say don't hold anything against  
religion for a man without  
religion seldom finds true

meaning of it. a friend who

THE NEW BUTTE HIGH SCHOOL

# *Dedication*

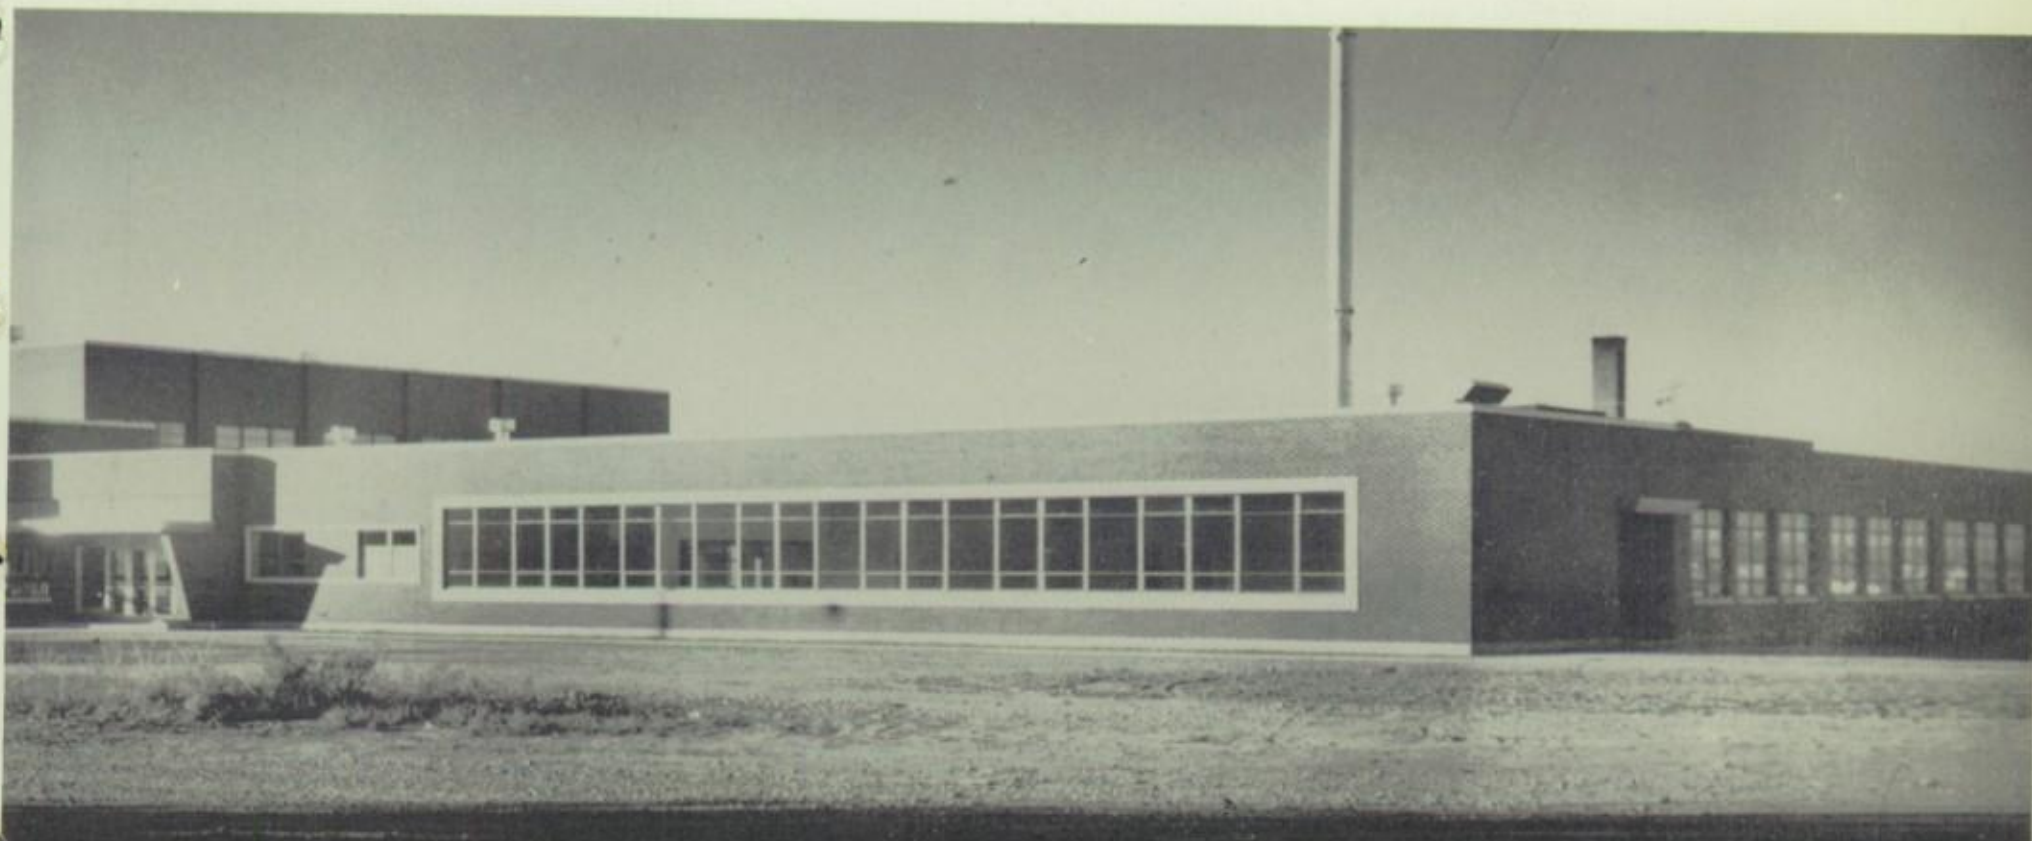

We wish to dedicate this 1953 edition of the PIRATE LOG to those who have made it possible for us to occupy this modern new school building.

We, as present students of Butte High, and our posterity extend our most sincere gratitude to our superintendent, Mr. Irvin W. Spencer, to the members of our school board, Nonda Merrill, Byron Sherman, Charles O'Maley, Harry P. Pearson, and Jack McAfee, to the former board members, Frans Yorgensen, Emmett Richeson and Mildred Braithwaite, and to all the tax paying citizens of Butte County.

For many months we witnessed Mr. Spencer, the board members and other citizens, in their untiring efforts to make their dreams and ours, of a new school, become a reality.

Perhaps we, as students, sometimes neglect to show our appreciation for the numerous deeds our parents, faculty, and towns-people do for us. However, during the past year each of us have worked toward one specific goal. This goal inspired by Mr. Spencer and our principal, Mr. C. E. McBride, has been to become all around better citizens in our school and community.

Our dream of a modern school has been awakened with reality and our goal is one we will continue to strive for throughout the years.

# *Administration*

*Main Office*

The ability to live in harmony with fellow human beings, the disposition to accept responsibility for the consequences of one's acts, a keen appreciation for the beauty and joy of life, pride in doing one's job well, a deep and abiding loyalty to our Government, faith in our Creator, and His love for mankind, these are the intangible but nevertheless basic goals of our educational system. Seek in addition to knowledge contained in books those qualities of character that make for a happy productive life.

## STUDENT GOVERNMENT

We, as Students of Butte High, have been granted the privilege of managing our own affairs. So long as we cooperate and prove that we are capable of controlling student activities we may continue to have student government.

The ways of democracy can best be learned by taking a part in it and making it work in high school. Citizenship points are given to each individual student and the class is judged accordingly. Supporting class laws and projects, good attendance and promptness at all classes are citizenship points.

As students, we should be proud of the power vested in us, to be able to govern ourselves, and we must strive to prove ourselves worthy.

# *Class History*

Four happy years ago we entered Butte High as a group of scared Freshmen. During our first year, under the guidance of our capable advisor, Mrs. Harris, we had a successful year. We sponsored the Freshman Frolic, and a Competitive Assembly.

As Sophomores, we had grown accustomed to high school life and really got into the swing of things that year. With our Sophomore Hop, Competitive Assembly and other activities we left another good year behind. All of this was accomplished under the counseling of Mrs. Broadhead, our advisor.

Suddenly we were upperclassmen—Juniors—an unforgettable feeling! This was the year we started flashing class rings, sponsored the Junior Prom, a Sadie Hawkins Dance and the Junior-Senior Banquet. Guiding us this year was Mr. Paul Bitzer.

Seniors at last! We have marked a milestone in the history of Butte High this year. Our class of '53 is the first class to graduate from this new high school. We started our year by putting our number on the hill. Later days found us at our Harvest Ball, Senior Ball, Carnival, Sweetheart Ball and finally our long awaited Commencement Day.

We are leaving these new halls this year with fond memories which will remain in our hearts forever.

A new organization was formed to take care of our new library. This group, the Library Club, is composed of students from each grade, nine through twelve. By following the above procedure, there will always be experienced librarians to fill the vacancy left by graduating

seniors. Students who are chosen for this group must have high scholastic and citizenship ratings. Much of the work of the library management is placed upon the student librarians, who are responsible for the quiet atmosphere conducive to good library study habits.
